

December, 2022

Hi, friends,

Thanks to all of you who attended the December 3 celebration - not just of 42 years and 200 issues of *the Nuclear Resister*, but four+ decades of a vibrant, persistent, creative, international, courageous and hopeful resistance movement for a peaceful and nuclear-free future!

You can watch the video of the 70 minute program, which includes inspiring stories, photos, songs, remembrance of nuclear and war resisters who have died, actions to take and more: bit.ly/NR200Celebration

From time to time, people ask if there are any Nuclear Resister t-shirts for sale. We haven't had any for a very long time, but our friend Dwight is generously donating 50 Nuclear Resister t-shirts made at the Gloo Factory, his union strong print shop in South Tucson. Thanks, Dwight!

Please turn over for ordering information!
